CLASS A BARBER STUDENT TEXTBOOK AND KITS

Students are expected to use the Paul Mitchell technical kits and equipment designated by the School while enrolled. Students may purchase the Paul Mitchell Technical Kit in its entirety from the School, or individual contents may be purchased independently. Students are responsible for purchasing the required technical kit at an additional cost separate from tuition. Students are also responsible for the purchase of personal stationery supplies.

If purchased independently, items must meet the criteria established on the School's current Technical Kit List. The most recent Technical Kit List is available upon request from the School. If a student needs to replace a technical kit or equipment item at any time during enrollment, replacement items may be purchased through the School or independently, provided they meet the School's applicable technical kit requirements.

Disclaimer:
A detailed list of kit contents is available upon request from the school. Kit contents, equipment, products, and brands are subject to change based on product availability, curriculum requirements, or other program needs as determined by the School.

Students are advised to refrain from loaning any part of their technical kit or textbooks. The School is not responsible for items that are lost or stolen.

All education apps will work on a compatible IOS device. If a Student has access to a compatible IOS device, an iPad purchase may not be necessary.

Right to Independent Purchase of iPad and Technical Kit: Any Student who desires to independently purchase their iPad or technical kit from a source other than the School has the right to do so. A Student who chooses to do this should notify the School prior to signing the enrollment agreement.
